

Data Science Workshop Session 1

Ikenna Ivenso

13 June 2020

A decorative graphic consisting of two overlapping parallelograms, one red and one orange, with a white diagonal line separating them.

Objectives

1. General Introductions
2. Introductory Notes
3. Tentative Workshop Schedule
4. Toolbox Activity

A decorative graphic consisting of two overlapping parallelograms, one red and one orange, with a white diagonal line separating them.

General Introductions

- Tell us about yourself (at least name and location)
- Tell us about your background (academic, professional, etc.)
- Tell us what you hope to get out of this workshop

A decorative graphic consisting of two overlapping parallelograms, one red and one orange, with a white diagonal line separating them.

Introductory Notes

Goal: Introduce participants to applied Data Science...

Expectations:

- Initiative - you are responsible for what you get out of this workshop
- Willingness to put in the work and to learn new things
- Integrity - please don't present work you didn't do as your own
- Participation - success is conditional upon completing all assigned work

Assessment:

- Tasks will be assigned work during the workshop
- Individual projects assigned in the early part of the workshop

A decorative graphic consisting of two overlapping parallelograms, one red and one orange, with a white diagonal line separating them.

Workshop Schedule (Tentative)

- Python for Data Science
- Working with Data
- Machine Learning
- Working with Stakeholders (Tentative)

A decorative graphic consisting of two overlapping parallelograms, one red and one orange, with a white diagonal line separating them.

Toolbox Activity

- Jupyter and Python 3.7 are the preferred tools for the workshop ([install](#))
- Notepad++ is a great tool for editing ([install](#))
- Python Tutorials [HERE](#) and [HERE](#) (if you're new to Python)

On the left side of the slide, there are several overlapping geometric shapes in orange, red, and grey, creating a modern, abstract design.

THANK YOU!
Any Questions
